

KERAVEGETAL EASY PELLETT WAX

Print date: 25 November 2022

Revision date: April 19, 2022

REVISION 1

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 6.

The latest changes are written in blue

1. IDENTIFICATION OF THE PREPARATION AND THE COMPANY

Product name: Keravegétale Easy Soy Wax.

Use of the preparation: manufacture of candles, scented or unscented, by filling into containers.

Other uses: Professional environment: PROC0, PROC8a, PROC8b, PROC19 - Environment: ERC8a, ERC8b, ERC8d, ERC8e.

Company names:

Supplier: Chemical Distribution Assistance

123 Marie Curie Street

26780 Châteauneuf-du-Rhône

Phone : 33 (0)4 75 54 35 05

Email: contact@adc-solution.com

Manufacturer : ADC

Emergency telephone number: ORFILA 33 (0)1 45 42 59 59

POISON CONTROL CENTERS:

Paris : 33(0) 1 40 05 48 48 – Angers : 33 (0)2 41 48 21 21 Bordeaux : 33 (0)5 56 96 40 80

Lille : 0 825 812 822 Lyon : 33 (0)3 4 72 11 69 11 Marseille : 33(0) 4 91 75 25 25

Nancy : 33 (0)3 83 32 36 36 Rennes : 33 (0)2 99 59 22 22 Strasbourg : 33 (0)3 88 37 37 37

Toulouse : 33 (0)5 61 77 74 47

Toxicovigilance Centers: GRENOBLE – REIMS – ROUEN

2. HAZARD IDENTIFICATION.

2.1 Classification of the substance or mixture:

In compliance with EU Regulation No. 1272/2008, 29 CFR1910/1200 and GHS Rev. 3 and annexes.

The substance is not classified as hazardous according to the GHS (Globally Harmonized System).

Hazardous components determining for labelling: none

2.2 Labelling elements

Hazard pictogram: none

Signal word: none

Hazard statement: none

Precautions for exposure: none

2.3 Other risks:

2.3.1 Information:

The substance must be labelled according to the calculation procedure of the "General Classification Guide for EU preparations in its latest version.

2.3.2 Classification System:

In compliance with EU Regulation No. 1272/2008, 29 CFR1910/1200 and GHS Rev. 3 and annexes and confirmed by the literature and the producing plant. The classification is in accordance with the latest edition of the International List of Substances and is supported by information from the producing company and technical literature.

KERAVEGETAL EASY PELLETT WAX

Print date 25 November 2022

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 3.

3. COMPOSITION/INFORMATION ON COMPONENTS.

3.1 Chemical characterization:none

3.2 Description: None

3.3 EINECS n°INCI nameCASE n°

232-410-2 Soybean Oil Hydrogenated 8016-70-4
> 90%

3.4 Hazardous component(s):none

3.5 Impurity(s) Causing Danger:None

4. FIRST AID:

4.1 General information: none

4.2 Inhalation: Contact a doctor if you feel unwell.

Go to fresh air if inhaled.

4.3 Skin Contact: Wash with soap and water and rinse thoroughly.

If you feel unwell or if irritation appears, contact a doctor.

4.4 Hand Contact: Avoid direct contact and wear protective gloves if necessary.

Rinse thoroughly for several minutes.

4.5 Eye Contact: Remove contact lenses so easy to make.

Continue rinsing.

If you feel unwell or worried, contact a doctor.

4.5 Ingestion: Rinse mouth and

do not induce vomiting.

If you feel unwell or worried, contact a doctor.

4.6 Most significant acute and delayed symptoms and effects: none

4.7 Information for immediate medical treatment or if special treatment is required: no further information.

5. FIREFIGHTING MEASURES:

5.1 Extinguishing means:

Suitable: foam – CO₂ – Powder – Sand – Water mist.

Conindicated: water jet

5.2 Special Protective Measures:

Firefighters must wear self-contained breathing apparatus. (NIOSH) and a special hermetically sealed suit.

5.3 Hazardous decomposition products: Heat decomposition can cause irritating vapours and gases.

5.4 Additional information: none

6. MEASURES TO BE TAKEN IN THE EVENT OF ACCIDENTAL RELEASE:

6.1 Staff Precaution: Wear recommended protective clothing.

Ensure adequate ventilation.

Ensure air handling systems are operational.

6.2 Environmental Precautions: Do not discharge into sewers, pipes and bodies of water.

Do not discharge into the environment.

6.3 Waste disposal: Wear protective clothing, goggles and gloves.

Recover the solidified and mechanically cold product with sawdust or any other inert absorbent.

Have it incinerated in an approved facility.

KERAVEGETAL EASY PELLET WAX

Print date 25 November 2022

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 3.

7. HANDLING AND STORAGE:

- 7.1 Handling: Use personal protective equipment (see section 8).
Use only with adequate ventilation.
Avoid breathing in vapours and dust.
Do not eat, drink, smoke or use your personal belongings when handling any chemical substance.
- 7.2 Storage and Incompatibilities: Wash thoroughly after handling.
Store in a cool, ventilated place.
Protect from freezing and physical damage.
Keep container tightly closed.
- 7.3 Special Use(s): No additional information.
-

8. EXPOSURE CONTROL / PERSONAL PROTECTION:

- 8.1 Exposure Control:
Appropriate engineering controls: Provide ventilation or other equipment to keep a vapour concentration below occupational exposure limit values.
Emergency eye rinses and safety showers should be installed in the vicinity of any area where there is a risk of exposure.
Respiratory protection: Respiratory protection must be worn when there is a possibility of exceedance of exposure limit values.
If there is no applicable exposure limit value, wear NIOSH approved respiratory protection.
- Skin protection: Choose protective gloves that are waterproof and resistant to the substance.
Eye protection :P wear appropriate safety glasses or eye protection.
General hygiene measures: Wash hands before breaks and at the end of the day.
Avoid contact with skin, eyes and clothing.
Wash contaminated clothing before use.
-

9. PHYSICAL AND CHEMICAL PROPERTIES :

- 9.1 General information:
Physical state: Oily solid, liquid at high temperature.
Color : Pale yellow.
Odor :Very weak
- 9.2 Important health, safety and environmental information:
pH :NA
Characteristic temperatures :P melting anointed :p as available
Flash Point :315°C (>600°F)
Auto ignition:N.A.
Decomposition:--
- Boiling point at 760 mm Hg:Not determined
Explosive properties :NA
Oxidizing properties :NA
Vapour pressure at 20 °C mm Hg:Not applicable
Density :< 0.920-0.925 g/cc
Density :Approx. 0.888 to 0.917 g/cm3
Solubility at 20 °C:NA
Hydro solubility: Insoluble in cold water.
n-octanol/water partition coefficient:NA
Viscosity at 100 °NAC
Vapour density (AIR=1): >1.0
Evaporation Rate:Not Applicable
-

KERAVEGETAL EASY PELLETT WAX

Print date 25 November 2022

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 3.

Decomposition temperature: not available
Dynamic viscosity: not available
Kinematic viscosity: Not available
Flammability limits: LEL: Not available
UEL: not available

10. STABILITY AND REACTIVITY:

- 10.1 Reactivity: No reaction under normal conditions of use and storage.
 - 10.2 Chemical stability: Stable under normal conditions of use and storage.
 - 10.3 Conditions to avoid :P known conditions
 - 10.4 Incompatibility: Oxidizing agents.
 - 10.5 Hazardous Decomposition Products: No hazardous decomposition products to our knowledge.
-

11. TOXICOLOGICAL INFORMATION:

- 11.1 Toxicological Effects Information:
 - Routes of exposure :P available information
 - Acute toxicity :P additional information
 - Skin irritation and corrosion :P additional information
 - Severe damage and irritation of the eye :P additional information
 - Skin and respiratory sensitization :P additional information
 - Carcinogenicity :P additional information
 - ACRI: None of the ingredients are listed
 - NTP: None of the ingredients are listed.
 - Germ cell mutagenicity :P additional information
 - Reprotoxicity :P additional information
 - STOT- short or repeated exposure :P additional information
 - Aspiration toxicity :P available information
 - Additional toxicological information :P additional information.
-

12. ECOLOGICAL INFORMATION:

- 12.1 Toxicity: No additional information
 - 12.2 Persistence and degradability :P additional information
 - 12.3 Bioaccumulation potential :P additional information
 - 12.4 Mobility :P additional information
 - General notes :P additional information
 - 12.5 Outcome of the PBT Assessment:
 - PBT: No additional information
 - vPvB: No additional information
 - 12.7 Other adverse effects: No additional information
-

13. DISPOSAL CONSIDERATIONS:

Relevant information: It is up to the person from whom the waste originated to determine the appropriate method of identification and disposal of the waste according to the regulations in force.

KERAVEGETAL EASY PELLETT WAX

Print date 25 November 2022

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 3.

14. TRANSPORT INFORMATION :

U.S. Department of Transportation (DOT) (49 CFR)

Under the correct name of the product to be loaded: not regulated.

Hazard class: N/A

UN/NA code: N/A

Packing group: N/A

Labelling: no

Need to display: no

ADR RID:

Under the correct name of the product to be loaded: not regulated.

Hazard class: N/A

UN/NA code: N/A

Packing group: N/A

Labelling: no

Need to display: no

Air transport (IATA-DGR):

Under the correct name of the product to be loaded: not regulated.

Hazard class: N/A

UN/NA code: N/A

Packing group: N/A

Labelling: no

Need to display: no

International Maritime Organization (IMDG):

Under the correct name of the product to be loaded: not regulated.

Hazard class: N/A

UN/NA code: N/A

Packing group: N/A

Labelling: no

Need to display: no

Carriage in bulk in accordance with Annex II of MARPOL 73/78 and IBC Code: not applicable.

15. REGULATORY INFORMATION :

U.S. Regulations:

EPA SARA 302: This substance does not contain chemicals regulated under SARA, Section 302.

EPA SARA 311/312 Risk Classification: Non-Hazardous

EPA SARA 313: This product contains the following chemicals that are regulated under SARA Title III, Section 313:

None.

CALIFORNIA PROPOSITION 65: This product contains the following chemicals that are known in the State of California as a cause of cancer, reproductive toxicity and developmental toxicity:

None.

INTERNATIONAL REGULATIONS:

Canadian Environmental Protection Act: all ingredients of this substance are listed on the list of substances Canadian domestics. (8016-70-4 Hydrogenated soybean oil - listed).

KERAVEGETAL EASY PELLETT WAX

Print date 25 November 2022

Presentation and drafting rules in accordance with Regulation 1907/2006/EC (REACH), 1272/2008/EC (CLP) and GHS Rev. 3.

EU Classification:

EUROPEAN UNION: REACH Article 57 (SVHC): all components of this substance are listed on EINECS. (Inventory of existing and new chemical substances).

AUTRALIA: All components of this substance are listed on the Australian Chemical Inventory (AICS).

CHINA: All components of this substance are listed on the China Chemical Inventory (IECSC).

KOREA: All components of this substance are listed on the Korean Chemicals List (ECL).

NEW ZEALAND: All components of this substance are listed on New Zealand's list of chemicals (NZOIC).

JAPAN: All components of this substance are listed on the Inventory of Old and New Chemicals (ENCS).

PHILIPPINES: all components of this substance are listed on the Chemical and Chemical Inventory (PICCS).

TAIWAN – TSCI – hydrogenated soybean oil – listed.

16. OTHER DATA:

NFPA Rating: 1 – 1 – 0

HMIS Rating :1 – 1 - 0

17. OTHER INFORMATION :

17.1 Recommended restriction for use of this product: No restriction in the case of proper use of this product.

This sheet supplements the technical instructions for use but does not replace them. The information it contains are based on the state of our knowledge of the product concerned on the date indicated and according to the regulations in force. They are given in good faith. This information is only indicative to allow handling, manufacture, storage, transport, distribution, making available, use and disposal operations in a satisfactory state of safety and therefore should not be interpreted as a guarantee or considered as quality specifications. Moreover, this information relates only to the product named by name and, unless specifically stated otherwise, it may not be applicable where the product in question is mixed with other substances or which can be used for any manufacturing process. The attention of users is also drawn to the possible risks involved when a product is used for purposes other than those for which it is designed.

It in no way exempts the user from knowing and applying all the texts regulating his activity. He will take under his sole responsibility the precautions related to the use he makes of the product.
